They say good fences make good neighbors, but in this instance, the good neighbors came first! The charming home they purchased had suffered a bit from multiple occupants in recent years. Now, clever incorporation of fencing, hardscaping and landscaping have made their front yard one that compels neighborhood strollers and dog walkers to stop and admire their hard work and design flair. And while you are there, pet the friendly four legged greeter, Honey, who welcomes all with enthusiastic tail wagging. The transformation of their lovely home is remarkable and will likely galvanize many of us to get busy in our own yards! We hope they know how much they are appreciated by all of their Kenwood neighbors. Welcome and thank you to Mark, Sue, Pam, Bailey and Honey! —
