

## Great Neighbor of the Month

We're lucky to have neighbors who can be counted upon, not just to those on his or her own street but also to those in surrounding locales – someone who looks out for others and always lends a helping hand. Jeremiah Rohr is one of those neighbors. He steps in to assure community needs are met. When Historic Kenwood street signs are broken due to accidents, he makes sure they're removed and replaced. For years he's rallied residents in Historic Kenwood and North Kenwood to participate in the annual clean-up of the Booker Creek Park, which is enjoyed by families from both neighborhoods. Not only does he take the lead to engage the City, who provides the mulch, supplies and trash hauling, he also recruits helpers. Best of all, he assures the event will be lots of fun – it's fantastic to see so many families working side-by-side to improve their community following Jeremiah's great example!
