

May 2015 Home and Garden

Virginia Chacon and Bennett Zamoff live at 2320 Burlington Ave N. Since they moved in, they have installed a white picket fence, sodded the yard, and planted trees with shells near the street. The improvements to the front yard have made it a very pleasant place to visit and let the kids play. They are frequently out front playing with the kids or working on the yard. Their friendly attitude welcomes other neighbors to stay and visit and also bring their kids over. It's great for our street and our neighborhood. Thank You! — Kate, 2323 Burlington Ave. N.
