

Nick Long and Cara McCown

Nick and Cara moved to 3026 Dartmouth Ave. N. last April. Since that time, I have seen them working tirelessly weekend after weekend. Several times I offered my trash can for the debris they removed from the yard. These young folks are a credit to our community; both work and are furthering their educations. They take pride in their first home, and I believe they should be the recipients of the prestigious Home and Garden Award. Additionally, several times I spotted them in my yard picking up the never ending supply of twigs from the massive oak trees. Lastly, one Saturday afternoon, Nick climbed on my roof and removed the leaves and trimmed the laden oak branches which were touching my roof. So I hit the jackpot with these neighbors. They are clean, courteous, considerate, and have a charming property with an immaculate yard.
