

# Home and Garden Award

## 2044 4th Avenue North

I would like to nominate Ron Willsey for a beautiful house and garden award. I moved to Historic Kenwood about a year ago and watched from my porch the transition of this property. The use of stucco accent walls and flagstone walkways interspersed with a variety of colorful plants and trees enchants the entire block. The added touches of a Pied Piper plaque and handmade beaded lamp among other wonderful things on this storybook home bring a tasteful blend of beauty and peace to all who walk by. — Geraldine DelGrande
