

Woodfield Fine Art Gallery

Local painter and sculptor Jim Woodfield opened Woodfield Fine Art Gallery at 2253 Central Avenue recently, exhibiting his own work along with the works of other local artists. The gallery offers paintings, sculpture, blown glass, ceramics, and mixed media. Woodfield specializes in portraits in oil but often escapes into the realm of abstraction in paintings and in his wood sculptures. There are as many as eight other artists represented at the gallery, offering a diverse range of styles and media. About every three months new artists or exhibitions are highlighted. The gallery is open from 11 AM to 5 PM Tuesday through Saturday and until 9 PM every second Saturday for ArtWalk.
