

Larry, Amber and Eleanor

2211 8th Ave. N.

Congratulations to Larry, Amber and Eleanor at 2211 8th Ave. N. for receiving the August Home and Garden Award. The previous owners made sure their home exterior was the pride of the neighborhood, but when they moved, the house sat vacant due to the slow real estate market. The paint faded and the lawn and beautiful landscaping suffered. Larry and Amber bought the house two years ago and have returned it to the charming Tudor it once was. And with a cleaner, simpler landscaping look, they have even improved it. A few months back, they added to their home with their first child, Eleanor. And still, they keep improving their Historic Kenwood beauty (the house and yard, that is, although baby Eleanor is not without her own captivating charms!).
